OVEN HEATER, WATER HEATER

OVEN HEATER, WATER HEATER

INCO600 · INCO800 · INCO840 · SUS321 · SUS304
Oven Heater, Water Heater

Material

- INCO600 ' INCO800 ' INCO825 ' INCO840 ' INCO880 ' SUS316L ' SUS321 ' SUS304

Features

- Dark oxidized layer on top of heating elements surface generated through special annealing process, which can increase the radiating heat and also improves the efficiency and quality safety when heating up food
- Specific material and processes will be applied depends on the application environment. Better thermal efficiency and excellent corrosion resistance

Application examples

- Water heater ' Water dispenser ' Coffee machine ' Oven ' Microwave ' Fish griller
- etc

Available diameter

- $\varnothing 6.60$ - $\varnothing 12.00$
